SUMMARY

Creative and detail-oriented Front-End Web Developer with **5+ years** of professional experience building responsive, user-focused websites and web apps. Skilled in HTML5, CSS3, JavaScript, and modern frameworks like React.js. Strong command over UI/UX principles, pixel-perfect design implementation, and performance optimization. Adept at working with cross-functional teams, integrating APIs, and delivering projects from concept to launch. Passionate about clean code, modern design, and building seamless user experiences.

WORK EXPERIENCE

Full Stack Shopify Developer

CrepDogCrew (Retail & E-commerce)

Mar 2021 - present

New Delhi, India

- Built and maintained a custom Shopify theme using Online Store 2.0.
- Added custom functionalities like stock indicators, dynamic sections, and real-time filters.
- Built a custom POS tool that displays product details via dynamic QR codes for retail stores, improving in-store customer experience.
- Worked closely with design and marketing teams to deliver fast, responsive, and conversion-focused pages.

Freelance Front End Web Developer

Freelance

Jun 2020 - Nov 2021

Remote

- Designed and developed responsive websites and landing pages for clients in various industries including fashion, wellness, and tech.
- Transformed UI/UX designs into clean, maintainable HTML, CSS, and JavaScript code.
- Implemented mobile-first designs, interactive components, and smooth animations using libraries like jQuery and Reactjs.

Junior Front End Web Developer

Only Groww (Tech & Lifestyle Startup)

Sep 2019 - Jan 2020

Bengaluru, India

- Assisted in developing and maintaining the company's main website and user dashboard using HTML, CSS, and JavaScript.
- Worked closely with the design team to implement responsive layouts and optimize UI components.
- Fixed layout bugs, improved mobile responsiveness, and contributed to better page speed performance.
- Contributed to testing and deploying front-end features in weekly sprints using Git and basic CI tools.

Front End Web Developer | Trainee

Nasscomm

Nov 2018 - Feb 2019

Gr. Noida, India

- I have completed the Full stack Web development on-campus training program that is organized by the centum foundation in association with the Nasscom foundation.

SKILLS

Technical Skills

- HTML5, CSS3, JavaScript (ES6+)
- React.js, Next.js (basic level), jQuery
- Responsive Design & Cross-Browser Compatibility
- Liquid (Shopify Templating), Theme Customization
- API Integration (REST/GraphQL), AJAX, JSON
- Version Control (Git, GitHub)
- Basic SEO, Performance Optimization, DOM Manipulation

Tools & Platforms

- VS Code, Git, GitHub, CodePen
- Shopify Admin, Shopify CLI, Theme Editor
- Figma & Canva (for UI/UX implementation)
- Chrome DevTools (Performance Debugging)
- Netlify, Vercel (for front-end deployment)
- Slack, Trello, Notion (Collaboration & Task Management)

PROJECTS

PriceTrackr – Shopify App for Price Comparison

Tech Stack: Node.js, Puppeteer, Express.js, MongoDB, Shopify App Bridge

- Built a custom Shopify app that scrapes competitor websites and tracks price changes for selected products.
- Displays real-time competitor pricing inside the Shopify admin for a better pricing strategy.
- Used Puppeteer for web scraping, scheduled tasks with cron jobs, and stored data in MongoDB.
- I secured the app with OAuth and embedded it using Shopify App Bridge for a native experience.

PriceTrackr – Shopify App for Price Comparison

Tech Stack: Node.js, Puppeteer, Express.js, MongoDB, Shopify App Bridge

- Built a custom Shopify app that scrapes competitor websites and tracks price changes for selected products.
- Displays real-time competitor pricing inside the Shopify admin for a better pricing strategy.
- Used Puppeteer for web scraping, scheduled tasks with cron jobs, and stored data in MongoDB.
- I secured the app with OAuth and embedded it using Shopify App Bridge for a native experience.

3D Interactive Portfolio Website

Tech Stack: Three.js, React.js, GSAP, Tailwind CSS

- Currently designing a 3D interactive portfolio to showcase my web development projects.
- Aims to provide a smooth, immersive experience with animated transitions and interactive UI components.
- Will include case studies, code snippets, and real-world project walk-throughs in a creative visual format.

CERTIFICATES

Certified Full Stack Developer

Institute: Freecodecamp

Date: Jun 2024
